Welcome to BreedAbove. We invite you to experience a whole new world for you and your pet. Our highly trained staff, safety procedures and twenty four hour on-site monitoring offer the highest standards of care while providing a fun environment for exercise and socialization in a group atmosphere. We add in lots of love for a fun day of structured play and exercise.

This application is for **both** the DayStay Program® and the NightStay Hotel Suites®. Your dog is not required to join the DayStay Program® while a guest in the hotel. We have several daily options for dogs that do not join a group environment. This application helps us gather information about your dog so we can provide the best care and environment for them during their time with us.

BreedAbove's DayStay Program® allows your dog to increase their social skills. Dogs that are socially well-adapted typically have less behavioral problems in your home, in other people's homes and in public environments (example: chewing, obsessive licking, pacing, nervousness, separation anxiety, biting, etc.).

Your dog will use up a great deal of energy during their time in BreedAbove's DayStay Program®. This results in a well-rested, calmer pet in the evening which matches the energy level of your household and can lead to a more rewarding relationship and life with your dog.

BreedAbove services will give you peace of mind that your dog is loved, well cared for and well

exercised. We truly love them like our own! The more you can tell us about your dog the better we can provide the right environment for them. We allocate play areas according to various temperament and age types so that your dog will have the best experience possible.

To have your dog considered for inclusion in this program, **please fill out the following enrollment application form in its entirety.**

The application can be submitted in the following ways:

- Download the PDF form to your computer, print and complete by handwriting the information. You can return the handwritten forms to us via mail, email or drop them off at our reception area. **WE MUST RECEIVE THE APPLICATION PRIOR TO YOUR DOG'S FIRST VISIT.**
- Note: the last page MUST include your actual signature, we do not accept digital signatures. You may drop this form off any time during regular business hours or sign and send via email as an attachment or mail to us.

A temperament test may already be scheduled for you. If not, please call to schedule.

**This application must be completed prior to your first visit with us.** There is no charge for the testing time which is generally 4 hours. Attendance after this time may include additional fees. If you have any questions please feel free to contact us by phone, email or by stopping in.
